

VISHNU GARG

+91 9560514779 vishnugarg646@gmail.com Faridabad, Haryana

Professional Summary

Detail-oriented Data Analyst with hands-on experience in SQL, Python, Excel, and Power BI, gained through internships and industrial training projects. Skilled in data cleaning, exploratory data analysis (EDA), dashboard design, and KPI tracking. Adept at translating raw data into actionable business insights to support data-driven decision-making.

Experience

UptoSkills

Jan 2026 – Mar 2026

Data Analyst Intern

New Delhi

- Performed data scraping and data cleaning to build accurate, structured datasets for downstream analysis.
- Conducted exploratory data analysis (EDA) to identify meaningful trends and actionable insights.
- Built data visualizations and reports that supported informed, data-driven decision-making for stakeholders.

Code Squadz Private Limited

Jun 2025 – Jul 2025

Data Analyst Trainee

Noida

- Analyzed flight and passenger data as part of an Airline Data Analysis project to identify travel and booking trends.
- Designed interactive dashboards and visual reports in Excel and Power BI to surface key business metrics.
- Performed data cleaning and generated insights that supported data-driven decision-making.

Tech Vidya

Jun 2024 – Jul 2025

Data Analyst Trainee

Gurgaon

- Analyzed Amazon delivery data using Excel and Power BI to identify order and delivery trends as part of an industrial training project.
- Built dashboards and reports for KPI tracking and data visualization.
- Performed data cleaning and generated business insights from raw datasets.

Projects

Amazon Delivery Data Analysis (Machine Learning)

- Processed and analyzed over 80,000 delivery records to uncover trends in partner efficiency, regional performance, and delivery delays.
- Reduced missing and inconsistent data by 35% through feature engineering and data cleaning.
- Developed and evaluated machine learning models (KNN, Decision Tree, Logistic Regression) achieving approximately 82% prediction accuracy for delivery performance.

OLA Ride Data Analysis (Power BI)

- Analyzed over 100,000 ride records to determine customer behavior patterns, ride frequency trends, and peak demand hours.
- Built 5+ interactive Power BI dashboards tracking KPIs such as trip volume, revenue growth, and location-specific demand, improving reporting efficiency by 30%.

Education

Satyug Darshan Institute of Engineering and Technology

2023 – 2026

BCA (Data Science)

Faridabad

Modern A.P Convent School

2022 – 2023

Higher Secondary (12th), HBSE

Faridabad

Technical Skills

Programming & Analysis: Python (NumPy, Pandas, Matplotlib, Seaborn), SQL

Visualization & BI Tools: Power BI, Excel, Google Sheets

Core Competencies: Data Cleaning, Exploratory Data Analysis (EDA), KPI Tracking, Dashboard Design, Data Modeling
